

deltasystem®

**datosystem**,<sup>®</sup> di raffinata eleganza, di notevole robustezza, si articola in moduli in estruso di alluminio per plafoniere o sospensioni oppure in componenti di metallo per apparecchi da incasso. Il tutto integrato da rivestimenti in legno massello con finiture estremamente curate.

***datosystem**<sup>®</sup> is extremely versatile, of refined elegance, great sturdiness. It consists of extruded aluminium modules for ceiling and hanging lamps or metal components for spotlights. All the lamps are carefully finished with solid wood coating.*

## INDEX
